

## Website news - NEW club calendars

Contributed by Dougal Matthews

Hi all,

We've been working away for awhile now at developing the website and would like to announce our big change - we've added a Public calendar to the website showing all the significant events in the Dive Plan and club social scene.

You can view the Public calendar [here](#) or by clicking on the calendar menu item on the website ( [www.cs-ac.org](http://www.cs-ac.org) ) please note that only general descriptions of events are included on the calendar and no personal data will be posted ! Also the calendar isn't a replacement for the Dive balance sheets and shout system its aimed at making it easier to find information and share it with each other.

We have also added a calendar to the Members Area which is password protected, as its private we can put a lot more detail in here including Dive managers contact details for trips etc . You'll need to log in to the members area to access this and then click the Members Calendar in the members menu or use this link [Members Calendar](#) . ( If you don't have or can't remember your login mail me and I'll set you up email the kit officer ) .

One very useful feature of the calendars is the Agenda View which gives you the events in a list which is perhaps a little easier than going through the year a month at a time when you're looking for new items.

If you want to post an event on the calendars please email the boat officer with the info and he will add it in for you . ( don't forget to talk to the DO first if it's a dive trip )

If you have any questions or want to know more about the calendaring and how it works please drop me a mail ( email the kit officer )

Thank you - on behalf of the WAGS
